

THE AUSTRALIAN
FINANCIAL REVIEW

The Investors' Perspectives 2008

Table of Contents

Foreword – Barrie Dunstan, associate editor and columnist <i>The Australian Financial Review</i>	i
About this report	ii
Background & Methodology	ii
Executive Summary	iii
DETAILED FINDINGS – AFR Investment Insight Survey	1
Investments held by asset class	2
Why managed funds are chosen as an investment	11
Asset classes in managed funds (only amongst those with managed funds)	16
Formal documented investment strategy in place (and frequency of review)	20
Strategic asset allocation model	28
Main sources of financial advice and information	31
Final decision maker on investment activities	50
Reasons for setting up a self-managed super fund	55
Motivating factors in running a self-managed super fund	59
Self-managed super fund – results against expectations (amongst those who have held their fund for minimum 2 years)	63
Extra contributions to self-managed super fund at 30.06.2007	67
Contributions at 30.06.2007 committed to market? And outcome?	71
Consider instalment warrants as part of self-managed super fund?	79
Consider borrowing within SMSF for property	83
Have you borrowed to invest? How?	87
Use of margin loans	96
Subscription to market rating data	104
List of companies that provide market rating data	109
Use of investment tracking software	110
List of software products that track or chart personal investments	115
Level of interest in accessing information on fund managers' performance	117
Level of interest in accessing information on fund managers' performance	117
Feedback on the stockmarket in period to April 2008	122
Recent changes in investment strategy due to market decline?	130
Impact of market decline on holders of SMSF?	133
Strategy in the next 12 months for types of investment	136
Strategy in the next 12 months by asset class	155
Experience with options, warrants and global securities?	174
Future role of managed funds in investment strategy	179
Level of satisfaction with disclosure and fees from managed funds	184
Use of financial advisor or planner	188
Fee disclosure by financial planners	194
Understanding of features of managed funds (amongst fund holders)	198
Level of fees paid on managed funds	214
Product disclosure statements – use and understanding	218
Impact of fee changes on investment in managed funds	231
Recent activity to find lower cost managed funds	236

Exposure to companies in difficulty of liquidation239
Exposure to companies that have suffered financial difficulties or gone to liquidation - other
